"Jock's new dog door has changed my life!" says Best Friends Operations Manager, Serge. Sick of running to the door when his Scottish Terrier, Jock, was wanting to come in or go out to the yard, Serge installed a dog door so now Jock can come and go as he pleases. "It was so easy to install and we can secure the door at night when Jock stays inside." Pig In Mud pet doors come in a variety of styles to suit every situation: doors, walls, security screens and glass. The range includes plastic, aluminium and energy efficient pet doors.

PET + HOSPITAL

**20% off Desexing**

Desexing your pet is an important part of being a responsible pet owner, particularly if you are not planning to breed your pet. Not only does it help control the cat & dog population of unwanted pregnancies which can place additional pressure on animal shelters & welfare organisation, it can also be beneficial to the health and behavioural instincts of your pet.

**Call Our Vet today to arrange an appointment and get 20% off all desexing procedures in March for Monday – Friday appointments.**

**Not just looking great, feeling great!**

At Best Friends Salons, giving the best dog grooming experience means we do more than just primping and pampering your dog. Whenever your pet is groomed, our expert team is inspecting them for any obvious health issues like skin irritations or irregularities, or eye or ear problems. All grooms & baths include nail trims and ear cleaning.

Why not let us do even more for the health of your pet and add on one or more of our "Healthy Essentials" extras that keep your pet free of fleas & worms and looking & feeling their best!

**Ask about "Healthy Essentials" when you next book your dog's groom.**

**OPEN 7 DAYS**

Prices shown are valid Wednesday 3rd March – Sunday 4th April, 2010 unless otherwise specified. All specials while stocks last. No rainchecks.
